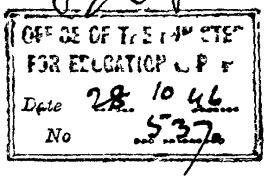
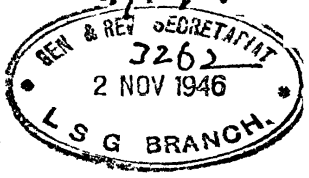
Applicant Madamma alias Chikaputtamma, wife of Maradihundi Nanjayya, residing at door No 1717 Hullinabeedi, Krishnaraja Mohalla, Mysore City

Mr Gundappa



The applicant most respectfully begs to submit as follows



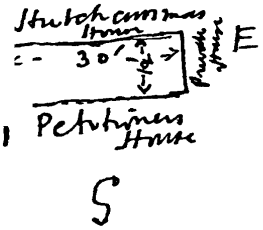
1 That the applicant is the owner of house No 1717 in Hullina Beedi, Krishnaraja Mohalla, Mysore Her vacant hittal (back yard) is by the side of her house to the North of it This back-yard measures only 12' X 30' and it is surrounded on three sides by private houses and on the West by a lane The back-yard is only 12 feet facing this lane

2 On the application of some of the enemies of the applicant this small strip of the land was notified to be acquired by the Trust Board for the purpose of building a Rama Mandira for the so-called public Though the applicant objected to the acquisition of this piece of land on the ground that the acquisition of this land would deprive her house of the ventilation and of the space for latrine, tap etc, that the space is too small and narrow for any building to be put up and that too for a public purpose, that at least 3 feet of space

should be kept vacant round the proposed building to enable that building and the surrounding buildings to have some sort of ventilation at least, that though ostensibly it is styled a Rama Mandira, yet it would be really a Bhangi Mutt or a gambling den, that the proposed building where all sorts of persons congragate would be a source of disturbance and annoyance to the neighbours, that there are already a number of so-called Rama Mandiras nearby, etc , the members of the Trust Board without even inspecting the site and without properly considering the above mentioned points, have acquired it A grave injustice has been committed thereby This site has to be given back to the applicant herself *All the Mohalla Councillors who inspected the spot have strongly objected to allot this site for the said purpose*

Now the applicant learns that her enemies have put in an application to the Municipality for a license to put up a building on the whole site without leaving any space for ventilation for any body and excavating the foundation adjacent to the walls of the surrounding house owners, including the applicant This will endanger the structure of these existing houses Even if this structure ~~work~~ were allowed to be so built, the building would have a breadth of only 9 feet, allowing a space for the two walls on either side Is it possible to have a public building in that way without any ventilation what ever? The applicant being a poor and helpless woman, her cry does not reach the proper persons

N



The hurble applicant therefore most respectfully prays that you may be pleased to visit the spot and after seeing the injustice that is going to be perpetrated, order the withdrawal of the acquisition and restore the site back to the applicant

In the meanwhile a stay order may be kindly sent to the unicipality not to issue the building license, pending the disposal of this petition

Left thumb mark of Madamma alias Chikkapullamma

In Continuation ~~of the Application~~ of the application of Nadamma alias Chikkaputtamma of Mysore dated 26 10 46, to the Minister for Health, the undersigned begs to offer the remarks as follows -

The house of the applicant and the Site in question which is stated to have been acquired from her, are in my neighbourhood. I have been seeing them very often. A grave injustice has been done to the poor applicant who is an illiterate & ignorant woman, firstly by the acquisition of the narrow strip of her back-yard which is the only open space attached to her house for ventilation, for latrine & for ~~the~~ other sundry purposes, & secondly by allotting it for the alleged public purpose of putting up a Rama Mandir there. The grantees of the Site have taken or about to take a license to construct the building close to the walls on all the three sides, thus depriving the ventilation of the houses on these sides & denying any ventilation to the alleged Ramamandira itself on

there roads. Even if they do so, deducting 1½ feet on each side for the walls, the inside space of the proposed building would be barely 9 feet. They would further endanger all the neighbouring houses by digging the foundations close to the walls of those houses. And if they leave at least 2 or 3 feet all round, the space inside would be barely 4 feet across. What kind of a building could any body erect there?

The Mohalla Committee who inspected the spot with me also have strongly disapproved of the reasonableness of the allotment of this piece of land for the purpose.

This is a case in which justice has failed & the Anthamtus would do well to investigate & do justice to the poor & ignorant women folk on either side of the proposed building.

S J Krishnaswami Rao
Member, Legislative Council
Mysore.

SIR,

Subject - Petition of Madamma alias Chikkaputtamma residing in K R Mohalla, Mysore, praying for the cancellation of the acquisition of her land bearing No 1717

With reference to your memo No L 5688 dated 9th November, 1946 calling for a report on the above petition,- I have the honour to state as follows -

2 Some of the residents of the locality applied on 4-1-45 to the Trust Board for the acquisition of the vacant land bearing No 1717 for the construction of 'Rama Mandir' The question was brought up before the Board at its meeting held on 25-4-45 when it was resolved to acquire the land The petitioner filed a protest application on 19-6-1945 In view of this objection, Mr Ramachandra Rao Bhombore as Chairman, Trust Board, inspected the land on 2-10-45 The Board at its meeting held on 31-10-45, considered the subject and again resolved that the land may be acquired Government in their Order No L 5866-69/M1 23-45-25 dated 2-1-1946 sanctioned the acquisition

3. The site is situated in a congested locality and measures 30'x12', being surrounded on both the sides and in the rear by dwelling houses The petitioner's house adjoins the site, she being understood to have purchased the same about a year ago It seems a fact that the petitioner's house lacks ventilation and the site in question would if enclosed provide facility for opening windows etc , to allow light and air into her house There has been protest against the acquisition of this site from other residents in the locality also Mr P Seetharamiah, Municipal Councillor, whose house is on the same road, has stated on the protest petitioh dated 19-11-45 as follows "The site in question is a very small one and is between two dwelling houses in an over-crowded locality and in my opinion not at all suited for a public Rama Mandiram '

4. However, the Special Land Acquisition Officer has passed the award in respect of the acquisition of the land on 30-6-45 and steps are being taken to obtain possession of the same from the petitioner

I have the honour to be,

Sir,

Your most obedient servant,
